ART No. 321 96 001, Twin/2 Round Holes

ART No. 321 97 001, Twin/2 Round Holes, Matt

### Certificates

Product certificate according to the PN 0880 Industrial Standards.

### Directions for Use

Specific properties of the product need to be understood: Twin should be kept away from small children (danger of swallowing and/or inhalation).

#### Cosmetics

Ordinary cosmetics do not affect the glass and surface treatment. The surface layer does not dissolve. Neither the glass nor the surface treatment chemically interacts with fabrics or the skin.

#### Perspiration

When used for usual decorative purposes, Twin is not negatively affected by perspiration. The surface treatment remains stable.

#### Washing

Hand wash only.

#### Storage

The shelf life of Twin will increase when stored in a dry and dark place.

### Warning

Slight deviations in colors and sizes to be tolerated.

#### Color Fastness

Twin is color fast when stored in a dry and dark place. When used for common garment and jewelry applications Twin maintains the same color. The color fastness has been tested according to the European CSN EN ISO 105-B02 Standard.

#### Wear

Twin and the surface treatments are wear resistant. Excessive friction can result in high wear and partial loss of the surface finish.

The above properties will hold as long as Twin is not subjected to aggressive chemicals which would interact with glass or surface treatment.

Inside and outside coated Twin should be handled with extra care. If the beads are scratched, the color will gradually change or lose color.

Hand Wash

Do Not Iron

Do Not Dry Clean

### Ecology

Preciosa Ornela manufacturing facilities utilize the latest environmentally friendly production technology. When used for their intended purpose all products are free of health hazards.

### Product Specifications

Shape/Hole: Twin/2 Round Holes   
Standard Size: 2.5 x 5 mm

Products in The Same Family: Terra Colors  
Solgel Colors

Twin is available loose or strung.  
Delivery subject to order confirmation.
