*PRECIOSA ORNELA has expanded its range of seed beads sold under the PRECIOSA Traditional Czech Beads<sup>TM</sup> brand. We present the new two-hole PRECIOSA *Karo*<sup>TM</sup> Seed Bead.*

*Like PRECIOSA *Twin*<sup>TM</sup>, this new two-hole seed bead is also made from flat 5 mm wide glass tubes which have been cut into squares. The width of the basic tube and the length of the cut are therefore always the same. This flat, square seed bead ideally supplements the twin range. It is excellent when used to create geometric patterns. You can create both highly effective, yet simple, flat brick ornaments or three-dimensional, almost architectural accessories.*
