# PRECIOSA *Three-Cut Beads*

*Czech seed beads in the shape of a short cut cylinder are called PRECIOSA Three-Cut Beads.*

*They are made using a similar technology to PRECIOSA Two-Cut Beads, i.e. by cutting glass tubes with a round hole and a hexagonal surface. After this process, the PRECIOSA Three-Cut Beads are cut again on special cutting wheels while strung on a wire which results in the reduction of the edges at the ends of the seed beads and the cutting of several randomly placed facets. Each PRECIOSA Three-Cut Bead has a unique shape.*

*PRECIOSA Three-Cut Beads are made in five basic sizes ranging from 1.6 mm to 2.5 mm (from 3x 12/0 to 3x 8/0 in the zero series).*

**PRECIOSA 3cuts - RH**
