PRECIOSA

Smell the flowers

We have supplemented the very popular PRECIOSA Pip™ Pressed Bead with the larger PRECIOSA Engraved Pip shape with dimensions of 9 x 14 mm. As the name suggests, it is distinguished by three grooves on both sides. These enable the play of color and shade, which you are sure to welcome in the metal-plated and single-color finishes.

Materials and tools:

PRECIOSA Engraved Pip (EP)
111 01 391; 9 x 14 mm;
23980/29503; purple-blue; 6x

PRECIOSA Pip™ (P)
111 01 346; 5 x 7 mm;
02010/29565; Bordeaux: 6x

PRECIOSA Candy™ (C)
111 01 363; 8 mm;
02010/29121; orange-white; 1x

PRECIOSA Rocailles (R)
331 19 001; 10/0;
78694; purple; 18x

- a pin with a base
(a diameter of 12 to 15 mm)

- a 0.20 mm nylon line; a thin needle;
scissors

Difficulty: ●●●●●

Technique: sewing

Procedure:

Step 1:
String 6x EP onto the line. String 1x R
between them and after the last EP.
Tie off the ends of the line.

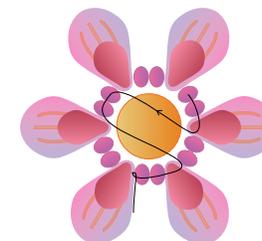

Step 2:
Thread the line through the 1st EP
by the knot. String 1x P. Thread the line
through the EP again in the same direction.
Also add P above the other EP and string R
between them.

Step 3:
Interconnect the P and add 2x R between
each of them. Thread the line through them
one more time. Complete the circuit
in the P.

Step 4:
String the C with the rounded side upwards.
Start with the right-hand hole.
Thread the line through the opposite 2x R.
Thread the line through the left-hand hole
of the C. Thread the line through
the opposite P. The R between the P remain
without the line threaded through them.
Sew it in and locate the knot in front
of the P.

Step 5:
Straighten the EP so that they are regular.
Glue the flower onto the base on the pin.
