331 39 001; 10/0;
16A26 pink; 24x

PRECIOSA Rocailles (R8)
331 39 001; 8/0;
16A54 light green; 30x

- a 0.20 mm nylon line; a thin needle;
scissors

- arched earring clips

Difficulty: 

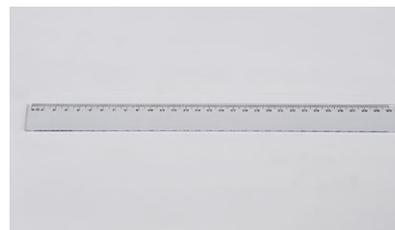

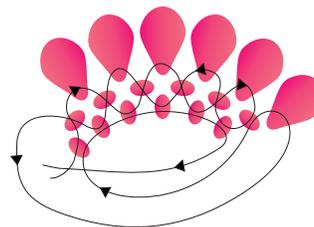

Technique: the right-angle weave stitch,
sewing onto an earring screen

Procedure:

The flower

Step 1:

You will need about 30 cm of line.
Use the right-angle weave stitch.
Thread the line through an R stop bead at
the end of the line twice. String 2x R, 1x P,
3x R, 1x P, 3x P, 1x P and 2x R.
Thread the line through the R next
to the P. Add 1x P and a lower R.
Tighten. Thread the line through all
the lower R. Tie off the end of the line.
Pull the end into the R. Cut it off.

Step 2:

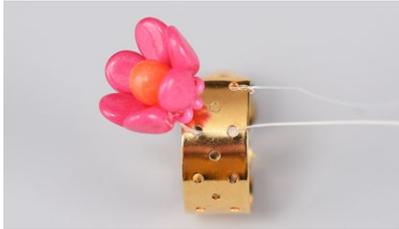

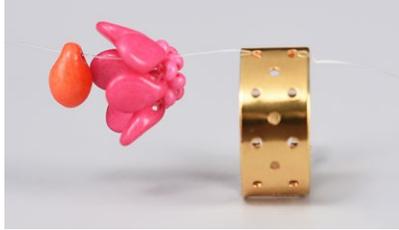

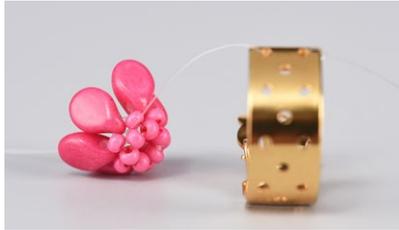

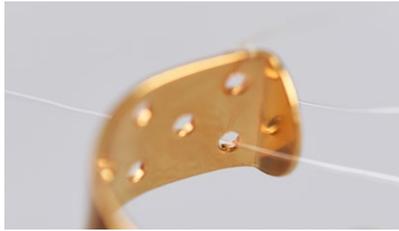

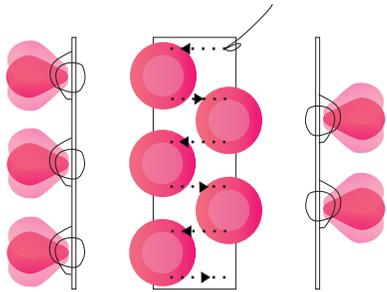

You will need 5 flowers for each earring.
You can put the tones together as you wish
and also change the middles (PB),
(2x yellow + PB3, 2x yellow + PB1,
2x orange + PB2, 2x red + PB3,
2x pink + PB1).

The clips

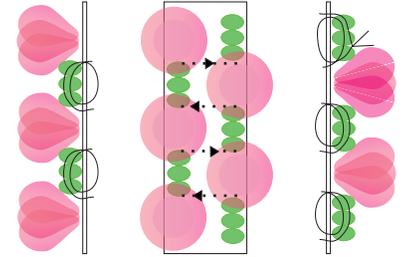

Step 3:

Attach a temporary line in the upper outer hole on the clip. Thread the line through the adjacent top hole from the bottom. String the flowers through the gap between the **R** under the **P** from the outside. Continue by stringing 1x **PB** and the adjacent gap from the inside. Thread the line through the second side hole from the top. Return to the top holes from the bottom. Sew through the flower one more time (gap, **PB**, gap). Once again thread the line through the second side hole from the top. Pass through to the opposite side. Thread the line through the second hole from below. Sew on another flower. Alternate the sides of the clip and sew on all the flowers.

Step 4:

Sew 3x **R8** into the gaps between the flowers. Proceed in the same way as when sewing on the flowers, but as a mirror image turned from the bottom to the top. Also sew through the **R8** 2x. After sewing on the top 3 **R8**, release the initial end of the line. Also sew through the top 3x **R8** with it. Tie off the end of the line. Thread the line through both **R8** and cut it off.

Step 5:

Create the second earring as a mirror image of the first.
