PENDANT IN THE SHAPE OF A HEART WITH MICROBEADS

# Sprinkled *heart*

PRECIOSA

# Sprinkled heart

Here is a tutorial on how to make a simple decoration on any base using microbeads from the PRECIOSA Traditional Czech Glass™ for all those who love making things by hand. Choose your favourite colors from the wide range of microbead shades and create a simple pendant in the shape of a heart.

## Materials and tools:

BMX 40 microbeads  
632 651 9 400 090 - pink

632 651 9 400 095 - red

1.0 - 1.3 mm microbeads  
632 652 3 013 090 - pink

632 652 3 013 095 - red

- the base material - a wooden heart;  
glue; white acrylic or tempera paint;  
a brush; a colorless lacquer in a spray

- a fine chain, 50 cm long;  
a chain with larger links, 45 mm long;  
a carabiner; rings; pliers

Difficulty: ● ● ● ● ●

Technique: gluing

## Procedure:

Step 1:  
Paint the selected shape white using the paintbrush (it will accentuate the color of the microbeads) and then apply a thin layer of glue to the gluing side once the paint has dried.

Step 2:  
After it dries, the glue will form a self-adhesive layer, onto which you can place the microbeads (we recommend starting with the 1.0 - 1.3 mm size) according to your fancy.

Step 4:  
Spray the finished product with the clear lacquer to ensure a better hold for the materials.

Step 5:  
You can hang the pendant on a chain or on a chain with a carabiner.

Step 3:  
At the end, sprinkle on the BMX 40 microbeads and fill out the heart's entire surface.
