

Step 8:
Then pull the other Solo beads under and once again pull the yarn through two loops, etc.; repeat this until only one loop is left on your hook (fig. 18). Repeat steps 10-18 until you have used up all the beads (fig. 19).

Step 9:
Crochet two rows without any beads and sew in the yarn (fig. 20). Attach the ribbon ends to the part of the bracelet without any beads and crimp them well (fig. 21).

Attach the magnetic fastening using the connecting rings (fig. 22).

CROCHETED BRACELETS MADE FROM PRECIOSA SOLO™

Dragon *bracelets*

PRECIOSA

Dragon bracelets

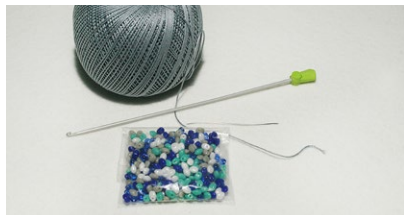

It is possible to use the crocheting technique with strung seed beads or beads from the PRECIOSA Traditional Czech Beads™ brand to create a large range of costume jewelry patterns. Even though Aleksandra Lysenko is mainly an expert on crocheted tubes, she is also able to conjure up other variants using this popular technique with great elegance. This time, you can follow her tutorial to make bracelets which have been crocheted from strung PRECIOSA Solo™ Pressed Beads.

Materials and tools:

PRECIOSA Solo™
117 01 332; 2,5 x 5 mm; a mixture of colors; 350x

yarn; a number 2 Tunis crocheting needle;
a magnetic fastening; 20 mm ribbon end pieces;
connecting rings; a Big Eye needle

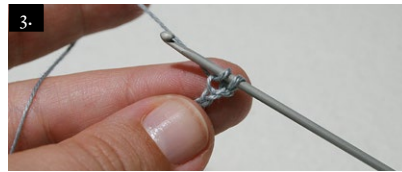

Difficulty: ● ● ● ● ●

Procedure:

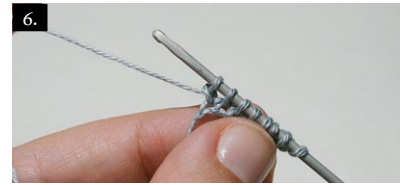

Step 1:
First string all of the beads onto the crocheting yarn.

Step 2:
Start the bracelet with a 9-loop chain (fig. 1).
Poke the needle into the third loop,
catch the thread and pull out the loop (figs. 2-3).

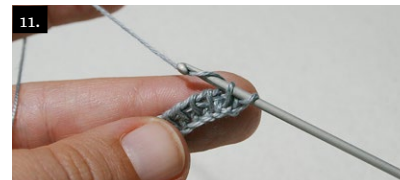

Step 3:
Continue gathering loops in this way until you
have a total of 8 (fig. 4). Catch the yarn again
and pull it through the last loop (figs. 5-6).
Always repeat this step at the start of a row.

Step 4:
Then catch the yarn again and pull
it through two loops (fig. nos 7-8).
Repeat the last step until only a single loop
remains on your hook (fig. 9).

Step 5:
Poke the hook under the vertical thread
(fig. 10), catch the yarn (fig. 11) and pull
out the loop (fig. 12).

Step 6:
Repeat steps 10-12 and gather a further
6 loops; there should be a total of 8 (fig. 13).
You can now start adding the beads.

Step 7:
Catch the yarn and pull it through the last
loop (fig. 14-15); always repeat this step
at the beginning of a row. Pull a Solo bead
under, catch the yarn and pull it through
two loops (figs. 16-17).
