Fireline 0.12 or a nylon line; earring hooks;  
a pendant bail

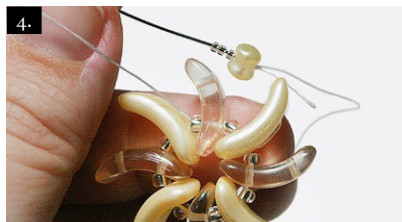

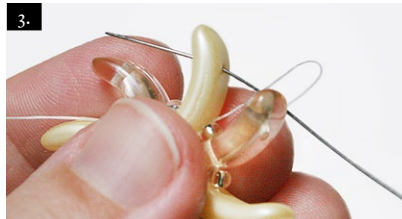

Difficulty: 

## Procedure:

Step 1:  
Cut off a piece of line which is about 40 cm long.  
Alternately string 8x R8 and 8x B onto  
it (fig. 1), move them to the end of the line and  
tie a double knot (fig. 2).

Step 2:  
Thread the line through the top hole of the B  
(fig. 3), then string 1x P and 3x R13 (fig. 4) and  
thread the line through the top hole of the next  
B (fig. 5). Repeat this procedure all the way  
around (fig. 6).

Step 3:  
Sew another 5x R13 to the R13 next to one  
of the upper B (fig. 7) so that a loop is created,  
into which it is possible to attach an earring hook  
(figs. 8 - 9). Complete the second earring in  
the same way (fig. 10).

You will need 12x B to create the pendant,  
but you will only need one R13 in the second  
row instead of the three used in the earrings.
